Description

New and improved in 2018, the Rossignol Experience 84 HD men's all-mountain ski sets a benchmark for upper intermediate and advanced skiers. With Rossignol's new carbon alloy matrix, which combines the best qualities of rigid carbon fibre and dampening basalt fibre, this ski remains stable through the in-turn and smooth through the out-turn. With full length sidewalls and a lightweight paulownia wood core, this ski is ideal for strong intermediate to advanced skiers.
